This statement is to be read in conjunction with the accompanying notes.

ADD LESS

#### 1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this financial report are:

## (a) Basis of Accounting

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), other mandatory professional reporting requirements, the Local Government Act 1995 (as amended) and accompanying regulations (as amended). The budget has also been prepared on the accrual basis under the convention of historical cost accounting modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### (b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements, but a separate statement of those monies appears at Note 16 to this budget document.

## (c) 2009/10 Actual Balances

Balances shown in this budget as 2009/10 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

## (d) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

## (e) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

#### (f) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

#### (g) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (h) Trade and Other Receivables

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectibility of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

## (i) Inventories

#### General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

#### Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the statement of comprehensive income as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

## (j) Fixed Assets

#### Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and appropriate proportion of variable and fixed overhead.

#### Revaluation

Certain asset classes may be revalued on a regular basis such that the carying values are not materially different from fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on the basis of such cost to reflect the already consumed or expired future economic benefits of the asset.

Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (j) Fixed Assets (Continued)

#### Land Under Roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst this treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

#### (k) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets. Assets are depreciated from the date of acquisition or, in respect of internally constructed assets, from the time the asset is completed and held ready for use.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

| Buildings                   | 40 years     |
|-----------------------------|--------------|
| Furniture and Equipment     | 10 years     |
| Plant and Equipment         | 3 - 10 years |
| Roads and Streets           | 35 years     |
| Footpaths - slab            | 20 years     |
| Airport                     | 20 years     |
| Parks and gardens equipment | 35 years     |
| Information Bay             | 35 years     |
| Town Centre Facilities      | 35 years     |
| Tools                       | 10 years     |

#### NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (I) Investments and Other Financial Assets

#### Classification

Council classifies its investments in the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at each balance date.

#### (i) Financial assets at fair value through profit and loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current assets.

## (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are included in trade and other receivables in the statement of financial position.

## (iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Council's management has the positive intention and ability to hold to maturity. If Council were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

#### (iv) Available-for-sale financial assets

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date. Investments are designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long term.

#### Recognition and derecognition

Regular purchases and sales of financial assets are recognised on trade-date – the date on which Council commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the statement of comprehensive income. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and Council has transferred substantially all the risks and rewards of ownership.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in equity are included in the statement of comprehensive income as gains and losses from investment securities.

## NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (I) Investments and Other Financial Assets (Continued)

#### Subsequent measurement

Loans and receivables and held-to-maturity investments are carried at amortised cost using the effective interest method.

Available-for-sale financial assets and financial assets at fair value through profit and loss are subsequently carried at fair value. Gains and losses arising from changes in the fair value of the financial assets at fair value category are presented in the statement of comprehensive income within other income or other expenses in the period in which they arise. Dividend income from financial assets at fair value through profit and loss is recognised in the statement of comprehensive income as part of revenue from continuing operations when the Council's right to receive payments is established. Changes in the fair value of other monetary and non-monetary securities classified as available-for-sale are recognised in equity.

## Impairment

Council assesses at each balance date whether there is objective evidence that a financial asset or group of assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of a security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is removed from equity and recognised in the statement of comprehensive income. Impairment losses recognised in the statement of comprehensive income on equity instruments classified as available-for-sale are not reversed through the statement of comprehensive income.

#### (m) Estimation of Fair Value

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance date.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. Council uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models making maximum use of market inputs and relying as little as possible on entity-specific inputs.

Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Council for similar financial instruments.

#### NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (n) Impairment

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each balance date to determine whether there is any indication they may be impaired.

Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 "Impairment of Assets" and appropriate adjustments made.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the statement of comprehensive income.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting the budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2011.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

## (o) Trade and Other Payables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the Municipality prior to the end of the financial year that are unpaid and arise when the Municipality becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

## (p) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

- (i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits) The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the municipality has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Council expects to pay and includes related on-costs.
- (ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where Council does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

#### NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (q) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance date.

#### **Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

#### (r) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

## (s) Superannuation

The Council contributes to the Local Government Superannuation Scheme and the Occupational Superannuation Fund. Both Funds are defined contribution schemes.

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent a cash refund or a reduction in the future payments is available.

#### (t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non-current based on Council's intentions to release for sale.

#### NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

#### 2. REVENUES AND EXPENSES (Continued)

#### (b) Statement of Objective

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis and for each of its broad activities/programs.

Council operations as disclosed in this budget encompass the following service orientated activities/programs:

## **GOVERNANCE**

Administration and operation of facilities and services to members of Council. Other costs that relate to the tasks of assessing Elected Members and Ratepayers on matters which do not concern specific Council services.

#### **GENERAL PURPOSE FUNDING**

Rates, General Purpose Government Grants and interest revenue.

## LAW, ORDER, PUBLIC SAFETY

Supervision of various laws, fire prevention, emergency services and animal control.

#### **HEALTH**

Food control, maintenance of child health clinics and health administration, and the retention of a full-time doctor in Laverton.

## **EDUCATION AND WELFARE**

Maintenance of pre-school facilities, day care centre, donations to school, and assistance to welfare groups. In 2008-09 the activities of the Youth Development Program are reported under this objective

## HOUSING

Provision of staff housing as well as private housing for the retention of professionals in Laverton.

## **COMMUNITY AMENITIES**

Rubbish collection services, operation of rubbish tip site, noise control, administration of town planning, operation of cemeteries and maintenance of public conveniences.

#### **RECREATION AND CULTURE**

Provision of a public hall, swimming pool, recreational facilities, various reserves, operation of library together with television and radio re-broadcasting facilities.

#### **TRANSPORT**

Construction and maintenance of roads, drainage, footpaths, parking facilities, traffic signs street cleaning and operation of Laverton Airport.

## NOTES TO AND FORMING PART OF THE BUDGET

## FOR THE YEAR ENDED 30TH JUNE 2011

## 2. REVENUES AND EXPENSES (Continued)

## (b) Statement of Objective (Continued)

## **ECONOMIC SERVICES**

Tourism, Telecentre, Community Development, pest control and implementation of building controls. Coachhouse.

## **OTHER PROPERTY & SERVICES**

Technical services administration, plant operations control and miscellaneous services not able to be classified elsewhere.

All debenture repayments are to be financed by general purpose revenue.

#### NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 5. INFORMATION ON BORROWINGS (Continued)

## (b) New Debentures - 2010/11

| Particulars/Purpose       | Amount Borrowed | Institution | Loan<br>Type | Term<br>(Years) | Total<br>Interest & | Interest<br>Rate | Amount Used | Balance<br>Unspent |
|---------------------------|-----------------|-------------|--------------|-----------------|---------------------|------------------|-------------|--------------------|
|                           | Budget          |             |              |                 | Charges             | %                | Budget      | \$                 |
| Loan 79 - 2 x Exec Houses | 1,100,000       | WATC        | Debentures   | 10              | 1,443,428           | 5.48             | 1,100,000   | 0                  |

## (c) Unspent Debentures

Council had no unspent debenture funds as at 30th June 2010 nor is it expected to have unspent debenture funds as at 30th June 2011.

## (d) Overdraft

Council has not utilised an overdraft facility during the financial year although an overdraft facility of \$400,000 with the National Australia bank does exist. It is not anticipated that this facility will be required to be utilised during 2010/11.

All land except exempt land in the Shire of Laverton is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2010/11 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

## 8. RATING INFORMATION - 2010/11 FINANCIAL YEAR (continued)

The differential rates advertised under Sections 6.33 and 6.36 of the Local Government Act 1995 were as follows:

| Rate Category | Proposed Proposed  |
|---------------|--------------------|
|               | Rate in \$ Minimum |
| UV Pastoral   | 0.0538 215         |
| GRV Townsite  | 0.0960 215         |
| UV Mining     | 0.1103 215         |
| GRV Mining    | 0.1082 215         |

The reason for the different rate in \$ being adopted is that a revaluation of the GRV and Pastoral UV valuations occurred post modelling, and secondly the larger anticipated expenditure for 2010/11 necessitated a review of the proposed rate.

| Other Property & Services  | 32,100                  | 1,293                   |
|                            | 409,456                 | 410,787                 |

## 12. DISCOUNTS, INCENTIVES, CONCESSIONS, & WRITE-OFFS - 2010/11 FINANCIAL YEAR

A discount of 5% of the current rates levied (excluding other charges) will be offered to rate payers whose payment of the full amount owing, including arrears and charges is received 35 days after the date of service appearing on the rate notice.

The discount will not apply to interim rates after billing date. The total value of the discount is estimated to be \$80,000.

Council Policy Number 3.9 states that pursuant to Section 6.35 of the Local Government Act 1995, "Where a mining tenement crosses Council's boundary with a neighbouring Shire, Council agrees to claim 50% of the minimum rate, regardless of the portion of the mining tenement in this Municipality".

This policy only applies to prospecting, mining or exploration licences which are subject to minimum rates.

Photocopy charges are waived for certain community groups (St Johns Ambulance and the Laverton Volunteer Fire and Rescue Service). Council considers support of these groups necessary for the overall benefit of the community. No specific amount is budgeted for this waiver.

## NOTES TO AND FORMING PART OF THE BUDGET

#### FOR THE YEAR ENDED 30TH JUNE 2011

## 13. INTEREST CHARGES AND INSTALMENTS - 2010/11 FINANCIAL YEAR

An interest rate of 11% will be charged on all rate payments which are late. It is estimated this will generate income of \$36,000.

Two payment option plans will be available to ratepayers for payment of their rates.

## **Option 1 (Full Payment)**

Full amount of rates and charges including arrears to be paid 35 days after the date of service appearing on the rate notice. See note 12 for discount provisions under this option.

## Option 2 (4 Instalments)

First instalment is to be received 35 days after the date of service appearing on the rate notice. This payment is to include all arrears and one quarter of the current rates and charges. Second, third and fourth instalments are to be made at two monthly intervals thereafter.

The cost of instalment plans will comprise of simple interest of 5.5% per annum calculated from the date that the first instalment is due, together with an administration fee of \$5.00 for each instalment not including the first instalment.

The total revenue from the imposition of the interest and administration charge is estimated at \$6,500 and is detailed as follows:

|     |  | 2010/11<br>Budget<br>\$ | 2009/10<br>Actual<br>\$ |
|-----|--|-------------------------|-------------------------|
|     | Administration Charges Instalment Interest   | 1,000<br>5,500<br>6,500 | 5,478<br>5,478          |
| 14. | COUNCILLORS' REMUNERATION  | 2010/11<br>Budget<br>\$ | 2009/10<br>Actual<br>\$ |
|     | The following fees, expenses and allowances were paid to council members and/or the president. |                         |                         |
|     | Meeting Fees   | 50,000                  | 29,616                  |
|     | President's Allowance  | 10,000                  | 9,000                   |
|     | Deputy President's Allowance   | 2,500                   | 3,000                   |
|     | Travelling Expenses  | 5,000                   | 2,676                   |
