11.1.2 ADOPTION OF 2019-2020 BUDGET (FILE REF: 17)

PREVIOUS MEETING REFERENCE:	Resolution Nos. OMC190725.04 to OMC190725-10 (inclusive) of Ordinary Meeting of Council held on 25 July 2019

MATTER FOR CONSIDERATION

To consider amendments to the Budget adopted by Council on 25 July 2019.

ATTACHMENTS

OMC190822-11.1.2.A Amended 2019/2020 Statutory Budget Document

APPLICANT'S SUBMISSION

Not applicable.

BACKGROUND

Following Council's adoption of the Annual Budget at its Ordinary Meeting on 25 July 2019, several amendments have been made to the document as part of the end-of year process. These amendments do not affect the "bottom line" of the Council's budget position.

Changes have been made in two areas of the document relating to:

- Grants; and
- Disposal of Assets – Profit/Loss on Sale.

Grant monies relating to the flood damage repairs (ex WANDRRA) on a number of roads is now shown as an operational grant, not Non-Operating (Capital) funding. Funding relating to the 2018/2019 financial year will also be reflected in this manner in the compilation of the Annual Financial Report resulting in a disparity between operating and non-operating grants when comparing budget and actual figures. Council will also note the correct entries in the budget for the disposal of plant in the Transport schedule shown at Note 4. The entries omitted from the original budget relate to the assets being "written out" of Council's books and are of a non-monetary value.

The *Local Government (Financial Management) Regulations 1996* Regulation 33A, requires that local governments conduct a budget review between 1 January and 31 March in each financial year. A copy of the review and determination is to be provided to the Department for Local Government, Sport and Cultural Industries (DLGSC) within 30 days of the adoption of the review.

Nothing within any of the governing legislation prohibits Councils from undertaking Budget reviews on a more regular basis throughout the year, as was intended last financial year but which did not eventuate due to the lateness of the Audit Report.

The aim is to keep the council fully informed of any changes and thus there will be no surprises for the Council's consideration at any time.

STATUTORY ENVIRONMENT

Regulation 33A – Requires:

(1) Between 1 January and 31 March in each financial year a local government is to carry out a review of its annual budget for that year.

(2A) The review of an annual budget for a financial year must —

(a) consider the local government's financial performance in the period beginning on 1 July and ending no earlier than 31 December in that financial year; and

(b) consider the local government's financial position as at the date of the review; and

(c) review the outcomes for the end of that financial year that are forecast in the budget.

(2) Within 30 days after a review of the annual budget of a local government is carried out it is to be submitted to the council.

(3) A council is to consider a review submitted to it and is to determine* whether or not to adopt the review, any parts of the review or any recommendations made in the review.

**Absolute majority required.*

(4) Within 30 days after a council has made a determination, a copy of the review and determination is to be provided to the Department.

POLICY IMPLICATIONS

Council has no policies in respect to this matter.

RISK IMPLICATIONS

A budget review must be conducted as part of its statutory compliance.

An organisation reduces and manages risk by ensuring that financial budgets are regularly monitored and reviewed for the purposes of financial management.

FINANCIAL IMPLICATIONS

Nil implications to this report.

STRATEGIC IMPLICATIONS

A financially strong and knowledgeable Shire, leading an empowered community.

CONSULTATION

Peter Naylor – Chief Executive Officer

COMMENT

As stated above, the amendments do not alter the Rates Setting Statement but do affect a number of Statements and Notes within the budget document.

VOTING REQUIREMENTS

Absolute majority of Council required.

OMC190822.07 COUNCIL DECISION/OFFICER RECOMMENDATION

MOVED: **Cr R Ryles** **SECONDED:** **Cr R Prentice**

That Council by an absolute majority notes the comments made and adopts the amendments to the 2019/2020 Budget as shown in Attachment OMC190822-11.1.2.A titled Amended 2019/20 Statutory Budget Document.

MATTER FOR CONSIDERATION

This report is seeking Council approval for various Councillors and staff to attend the 2019 Australian Local Government Association's, National Local Roads and Transport Congress.

ATTACHMENTS

OMC190822-11.3.1.A Preliminary Program for ALGA National Local Roads & Transport Congress

APPLICANT'S SUBMISSION

Not applicable.

BACKGROUND

In previous years, a number of Councillors and staff have attended the Australian Local Government Association's (ALGA) National Local Roads and Transport Congress. The theme for the 2019 conference is called 'Breaking Through for Modern Transport' and is proposed to be held from 18–20 November 2019 at the Adelaide Hills Convention Centre in Hahndorf.

Although the program is still being finalised, topics that have been identified include:

1) The future of transport and how local governments can benefit
2) The state of Australia's infrastructure
3) What is happening internationally for roads and transport
4) Safety – where we are at and where we need to be
5) Active transport and vulnerable road users
6) Balancing future technology and current transport needs and
7) Transport and the circular economy

The conference will provide a host of speakers, panel sessions and the opportunity to network with key Federal, State and Local Government personnel. In addition, attendance at the conference also provides an opportunity to view trade displays and provides an ideal opportunity to talk with company representatives who supply goods and services to the Local Government industry. A copy of the Provisional Program is attached for Councillors' information as Attachment OMC190822-11.3.1.A.

STATUTORY ENVIRONMENT

Local Government Act (1995)

Section 2.7(2) - Provides that Council is to oversee the allocation of Local Government finances and resources and to determine the Local Government Policies;

Section 3.1 - Provides that the general function of the Local Government is to provide for the good government of persons in its district;

POLICY IMPLICATIONS

Councillor and staff attendance at any conference would be in accordance with the following Council Policies:

1) 03.10 - Attendance of Councillors and Staff at Conferences, Seminars, Training Courses etc; and

2) 03.11 - Reimbursement of Expenses and Authorisation to Incur Expenditure.

FINANCIAL IMPLICATIONS

The Shire of Laverton's 2019/20 Annual Budget includes the provision for Councillors and staff to attend conferences if considered appropriate by Council.

STRATEGIC IMPLICATIONS

This Shire of Laverton's Strategic Community Plan identifies a safe and efficient transport network as a desired focus and outcome.

CONSULTATION

Consultation in respect to the National Local Roads and Transport Congress has occurred between the Shire's Chief Executive Officer and Executive Manager Technical Services.

COMMENT

Local governments in general are concerned about their road network and how ongoing funding demands will be met. This particular congress provides delegates with the opportunity to hear first hand from presenters and Government representatives about key initiatives to improve and maintain Council's road infrastructure into the future.

The National Local Roads and Transport Congress is a professional development opportunity for Shire Presidents, Councillors, Chief Executive Officers and Senior Managers. With this in mind, it would seem appropriate for Council to consider being represented by possibly two Councillors, the Chief Executive Officer and the Executive Manager Technical Services at the Congress.

VOTING REQUIREMENTS

Simple majority decision of Council required.

OMC190822.08 COUNCIL DECISION/OFFICER RECOMMENDATION

MOVED: **Cr S Weldon** **SECONDED:** **Cr R Ryles**

That Council:

1. Endorse the attendance of Cr's P Hill, R Ryles and R Prentice, the Chief Executive Officer and the Executive Manager Technical Services at the National Local Roads and Transport Congress 2019 in Hahndorf; with Cr's S Weldon and R Weldon as proxies, and

2. Approves payment of the costs associated with attendance at the Congress and that these be met in accordance with Policies 03.10 and 03.11.

AUTHOR:	Sean Wells, Engineering Technical Officr
SENIOR OFFICER:	Les Vidovich. Executive Manager Technical Services
PREVIOUS MEETING REFERENCE:	Resolution OMC170824.09 of the Ordinary Meeting of Council held on 24 August 2017

MATTER FOR CONSIDERATION

Adoption of the 2019/20 Bush Fire Notice and Regulatory Information, and consideration of the compliance/enforcement process.

ATTACHMENTS

OMC190822-11.3.2.A Bush Fire Notice 2019-20

APPLICANT'S SUBMISSION

Not applicable

BACKGROUND

In preparation for the next fire season it is now appropriate to consider adoption of the 2019/20 Bush Fire Notice.

Since 2012/13 the Shire has been actively pursuing and enforcing compliance with the Bush Fire Notice and first exercised its power to clear flammable material from non-compliant properties by engaging contractors in 2014/15.

At its meeting of 1 February 2013, the GVROC Council voted for many of its constituent local governments to amend the dates of their Restricted and Prohibited Burning Times to be consistent throughout the region. The Shire of Laverton endorsed this decision at the OMC of 21 February 2013 (Minute OC0220). The dates are:

- Restricted Burning Period 1 October – 30 April
- Prohibited Burning Period 1 November – 31 March

STATUTORY ENVIRONMENT

Local Government Act 1995

Section 2.7(2) – Provides that Council is to oversee the allocation of local government finances and resources and to determine the local government policies.

Section 3.1 – Provides that the general function of the local government is to provide for the good government of persons in its district.

Bush Fires Act 1954

Section 33 (1) – A local government may give notice in writing to an owner or occupier of land requiring him within a time specified in the notice to–

(a) Clear upon the land fire-breaks as are specified in the notice; and thereafter to maintain the fire-breaks;

(b) To act as and when specified with respect to anything which is upon the land which is likely to be conducive to the outbreak or spread of a bush fire

Section 33 (2) – A notice in writing may be given to an owner of land by posting it to him at the address kept by the local government for the service of rate notices

POLICY IMPLICATIONS

Policy 03.21 – Provides for debts incurred by property owners for fire prevention to be charged against the land (added to rates) after 3 months.

FINANCIAL IMPLICATIONS

There will be some minor costs to publishing and distributing the Bush Fire Notice. These will be covered under typical operational expenditure.

There will be a cost in terms of staff time to inspect properties, administrate the compliance process, and carry out remedial clearing. All costs are recoverable from the owners, and Council has adopted Policy 03.21 to ensure that the costs can ultimately be recovered as unpaid rates if required.

A $250 fine per incidence on non-compliance is applicable, which may be recovered via the Fines Enforecement Registry if unpaid after 3 months.

The net cost to Council of carrying out the Bush Fire Notice enforecement process is expected to be negligible.

STRATEGIC IMPLICATIONS

Strategic Community Plan 2016-2026

Outcome 1.1.2 Enhance community safety
Outcome 3.3.1 Encourage community to keep Laverton clean and tidy
Outcome 3.3.4 Effective law, order and public safety

CONSULTATION

Nil.

COMMENT

The requirements of the 2019/20 Bush Fire Notice are identical to previous Notices, in that land within the Laverton town site is to be completely cleared of flammable material, including overgrown grass or weeds, building materials or firewood that are not neatly stockpiled, and dead trees. Land outside the town site must have a 3m fire break cleared around its boundaries.

The clearing must be completed by 15 October to ensure properties can be inspected and, if necessary, undergo the enforcement process in preparation for the Prohibited Burning Period beginning 1 November. Clearing must also be maintained for the full duration of the Prohibited Burning Period (until 1 April 2020).

VOTING REQUIREMENTS

Simple majority decision of Council required.

OMC190822.09 COUNCIL DECISION/OFFICER RECOMMENDATION

MOVED: **Cr R Weldon** **SECONDED:** **Cr S Weldon**

That Council:

1. **Adopts the 2019/20 Bush Fire Notice, and**
2. **Endorses the publication and distribution of the 2019/20 Bush Fire Notice.**

BACKGROUND

Council is in receipt of Native Title Claim WAD91/2019.

The NTC application was filed on 18 February and on 15 May 2019 the Native Title Registrar accepted the claim.

Full details/information pertaining to the NTC are in attachments OMC190822-11.4.1.A and OMC190822-11.4.1.B.

DESCRIPTION OF THE AREA COVERED BY THE CLAIM:

External boundaries and description

5. *The area of land and waters covered by the application **(Claim Area)** is described in the document titled "Identification of Boundaries" which is attached as ATTACHMENT B.*
6. *The external geographical boundaries of the area of land and waters covered by the application are delineated and marked on the attached map at ATTACHMENT C.*

Applicability of sections 61A(4), 47, 47A and 47B NTA

7. *For the purposes of the application of sections 61A(4), 47, 47A and 47B NTA, this application covers the following areas:*
   (a) any pastoral lease held over the area by any of the persons listed in s 47(1)(b) NTA;
   (b) any area of land to which s 47A(1)(b) NTA may apply;
   (c) any area of vacant Crown land which may be subject to s 47B of the NTA; and
   (d) any other areas to which the non-extinguishment principle as defined in s 238 NTA applies.

Areas within the external boundaries that are not covered by the application

8. *Subject to paragraph [7] above, areas of land and waters within the external boundary that are not covered by the application are:*
   (a) any area that is or was subject to any of the following acts as there [sic] are defined in either the NTA, as amended (where the act in question is attributable to the Commonwealth), or Titles (Validation) and Native Title (Effect of Past Acts) Act 1995 (WA), as amended, (where the act in question is attributable to the State of Western Australia) at the time of the Registrar's consideration:
      (i) Category A past acts;
      (ii) Category A intermediate period acts;
      (iii) Category B past acts that are wholly inconsistent with the continued existence, enjoyment or exercise of any native title rights or interests; and
      (iv) Category B intermediate period acts that are wholly inconsistent with the continued existence, enjoyment or exercise of any native title rights or interests;
   (b) any area in relation to which a 'relevant act' as that term is defined in section 12I of the Titles (Validation) and Native Title (Effect of Past Acts) Act 1995 (WA) was done and the act is attributable to the State of Western Australia;
   (c) any area in relation to which a 'previous exclusive possession act' under section 12J of the Titles (Validation and Native Title (Effect of Past Acts) Act 1995 (WA) was done and that act is attributable to the State of Western Australia;
   (d) any area in relation to which a previous exclusive possession act as defined by section 23B (including section 23B(7)) NTA was done in relation to the area and the act was attributable to the Commonwealth;
   (e) any areas where native title rights and interests have otherwise been wholly extinguished; and
   (f) specifically, any areas where there has been:
      (i) any unqualified grant of an estate in free [sic] simple;

President's Report for July and August 2019
Ordinary Meeting of Council – 22 August 2019

27/06/2019

Attended Shire of Laverton Ordinary Meeting of Council.

28/06/2019

I attended a GVROC meeting in Kalgoorlie with the CEO. We could only stop for half of the meeting then had to go to another meeting.

We had to leave to meet with representatives from Main Roads in their office in Boulder. Discussions were all around the upgrade of the Outback Way.

5/07/2019

The CEO and I attended a Feral Herbivore (Camel) Stakeholder Management Meeting in Leonora. 28 people were there from a good cross section of agriculture based organisations and some good ideas were raised. Mal Cullen, (Chair of the GVROC) chaired this meeting.

8/07/2019

The CEO and I met with Rob Dennis, the CEO of Poseidon Nickel Ltd, to discuss possible recreation opportunities at South Windarra.

10-14/07/2019

The Developing Northern Australia Conference was held in Karratha however I was unable to attend due to my Father-in-law passing away and his funeral being held during this time.

17/07/2019

Phil Marshall and I had a meeting with Quinton Tucker, James Allcarde and Leigh Coleman. Discussions were held on housing in Laverton and work opportunities for local people on the Outback Way upgrade.

24/07/2019

I attended an initial meeting in Leonora regarding the development of Aged Living Units in Leonora and Laverton. This was also attended by Peter Naylor (Shire of Laverton CEO), Jim Epis (Shire of Leonora CEO), Kyle McGinn MLC, Kris Starcevich (GEDC) and Regan Brewer (GEDC).

25/07/2019

Attended Shire of Laverton Ordinary Meeting of Council.

02/08/2019

I attended the Pastoralists and Graziers Association Conference in Perth. My attendance at this Conference was funded by Gold Fields Australia as I attended on their behalf as Manager of the Mt Weld Pastoral Lease. There were some interesting discussions at this conference.

05-07/08/2019

Cr Deanne Ross, Cr Rex Weldon, Cr Robin Prentice, Cr Shaneane Weldon and I attended the 2019 Diggers and Dealers Conference in Kalgoorlie. This was certainly an eye-opener and a great opportunity to catch up with and meet a number of representatives from various local mining companies working within our Shire. There were several positive comments from attendees that the Shire of Laverton had sent representatives and it was very interesting to hear speeches from some of the local mining companies.

08-09/08/2019

I attended the 2019 WA Local Government Convention in Perth, along with the CEO, Peter Naylor.

On the morning of the 8th (Thursday), Peter Naylor, Jo Morgan and myself attended the Public Health Advocacy Institute of Western Australia Awards Breakfast at the Perth Convention Centre. The Shire of Laverton was nominated in two award categories “Aboriginal Child Health” and “Child Health and Development”. Congratulations to Jo, Shire staff and the Shire for winning both categories, a great achievement for work well done!

After the breakfast Peter and myself attended the GVROC meeting where our motion to form a group to investigate tax incentives for residential mining work forces was supported. The City of Kalgoorlie Boulder voted against it.

The WALGA Convention had some good speakers and the trade exhibitors were very excellent as well.

On the Friday afternoon Peter, myself and our consultant Michel Greenhalg from MCG Architects went out and had a meeting with senior management of Skippers Aviation and Cobham Aviation Services to look at designs and to carry out an inspection of their airport terminals in Perth. This was very interesting and a number of ideas were picked up that we could consider in the design of our new terminal building.

It was a very busy week and I do appreciate the opportunity to attend these functions.

16/08/2019

A teleconference for the Outback Highway Development Council was planned for this date, however this had to be postponed due to our General Manager, Helen Lewis, becoming ill.

The Outback Way project has had terrific success within the political process at Ministerial level. Although the Coalition is back in Government, we do need to ensure we are part of the formal process of national Infrastructure assessment and on file at Infrastructure Australia.

The OBHC representatives did interview three potential participants to carry out and develop a submission for a Stage 1 out of 3 for the Outback Way project to be accepted into the Infrastructure Australia Federal policy

3 quotations/proposals have been received for development of this submission:

1. Adam Boersma: Ernst Young
2. Phillip Davies: Deloittes
3. Phillip Doyle: KPMG

All three participants interviewed well and a meeting will held in the next few days to make an appointment.

Thanking you

Patrick Hill
President

Council Report for August 2019. Cr. Deanne Ross.

After 3 ½ years of lobbying, sourcing, pricing and then the slow boat from where ever, the solar powered lights are finally up and running from the Hospital to the Village. I have had lots of positive feedback which is great.

I would like to Thank Council and the Residents of Laverton for the opportunity to attend Diggers and Dealers 3 day forum in Kalgoorlie. It was great to see all the Presentations from all the Mining Companies, especially the one's that surround Laverton.

Deanne Ross.

Deanne Ross

Councilor.

Cr Shaneane Weldon – Report for Shire of Laverton OCM Thursday 22nd August 2019

This year instead of attending the WALGA Local Government week, we had decided that Councillors can go to the Diggers and Dealers as opposed to attend local government week.

This event was informative and relevant to what is happening within our Shire, in particular the mining activities that surround our township. It was also good to listen to what the former Prime Minister John Howard had to contribute as the keynote Speaker.

And subsequently it was also good to meet him and get a photograph, which he also had a photograph opportunity with fellow councillors Hill, Prentice and Ross and other attendees.

There were a lot of delegates from the Mine Sites within our Shire and it was great to catch up with them all.

Other activities are as usual, corresponding and attending to emails, phone calls and talking with fellow Councillors.

Thank you to the Shire of Laverton for allowing me to attend and represent our Shire at the recent Diggers and Dealers.

Signed:

Cr Shaneane Weldon

Cr Rex Weldon – Report for Shire of Laverton OCM Thursday 22nd August 2019

As usual, there has been a lot of activities and correspondence that needed to be perused and answered. AS a Councillor it has been good to be part of the decision making process to make changes and progress the different projects our Shire has to do.

I would also like to thank the Shire of Laverton for allowing me the opportunity to attend the recent Diggers and Dealers Conference in Kalgoorlie.

I found this conference to be beneficial to our Shire because of the geographical location where we are, and the surrounding mining activities which is occurring within our Shire.

It was refreshing to hear dot point presentations that were very informative of ongoing productivity and development which inevitably is good for our region.

It was also a pleasure to have Cr's Ross and Prentice as guest at our house during the event of Diggers and Dealers.

Signed:

Cr Rex J E Weldon

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30TH JUNE 2020

BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements *of AASB 1051 Land Under Roads* paragraph 15 and *AASB 116 Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Laverton controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the budget.

2018/19 ACTUAL BALANCES

Balances shown in this budget as 2018/19 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On the 1 July 2019 the following new accounting policies are to be adopted and have impacted on the preparation of the budget:

- AASB 15 - Revenue from Contracts with Customers;
- AASB 16 - Leases; and
- AASB 1058 - Income of Not-for-Profit Entities.

Explanation of the changes arising from these standards is provided at Note 15.

KEY TERMS AND DEFINITIONS - NATURE OR TYPE

All land (other than exempt land) in the Shire of Laverton is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Laverton.

The general rates detailed for the 2019/20 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

(iii) Reason for adjustment to Adjusted net current assets - surplus/(deficit) on 1 July 2019

The Shire has elected to retrospectively apply the cumulative effect of applying AASB 1058 Income of Not-for-Profit Entities at the date of initial application of the standard, being 1 July 2019. The impact of applying the standard was to recognise unspent grants and contributions for construction of recognisable non-financial assets controlled by the Shire as a liability. The opening budgeted surplus/deficit on 1 July 2019 has been amended accordingly from the estimated actual closing surplus/deficit. Refer to note 15 for further explanation of the impact of the changes in accounting policies

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30TH JUNE 2020

2 (c). NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION
In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

TRADE AND OTHER PAYABLES
Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Laverton becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS
A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS
Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES
General
Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation
The Shire of Laverton contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Laverton contributes are defined contribution plans.

TRADE AND OTHER RECEIVABLES
Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

CONTRACT LIABILITIES
An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

EMPLOYEE BENEFITS
Short-term employee benefits
Provision is made for the Shire of Laverton's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Laverton's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Laverton's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

LAND HELD FOR RESALE
Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

SIGNIFICANT ACCOUNTING POLICIES

DEPRECIATION
The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised
Buildings - specialised
Furniture and equipment
Plant and equipment
Infrastructure - Roads
Infrastructure - Footpaths
Infrastructure - Airport
Infrastructure - Other
Infrastructure - Parks & Ovals

DEPRECIATION (CONTINUED)
An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

RECOGNITION OF ASSETS
Assets for which the fair value as at the date of acquisition is under $5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)* . These assets are expensed immediately.

SIGNIFICANT ACCOUNTING POLICIES

LEASES

At inception of a contract, an entity shall assess whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability.

At the commencement date, a lessee shall measure the right-of-use asset at cost.

LEASES (CONTINUED)

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

SIGNIFICANT ACCOUNTING POLICIES

INTERESTS IN JOINT ARRANGEMENTS

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement.

Shire of Laverton's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

14. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

COMPARATIVE FIGURES

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

REVENUE RECOGNITION

Accounting Policies for the recognition of income and revenue from contracts with customers is described in Note 15.

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30TH JUNE 2020

15. SIGNIFICANT ACCOUNTING POLICIES - CHANGE IN ACCOUNTING POLICIES

This note explains the impact of the adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income for Not-for-Profit Entities.

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Shire of Laverton adopted AASB 15 on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire of Laverton has adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

	AASB 118 carrying amount 30 June 19	Reclassification	AASB 15 carrying amount 01 July 19
	$	$	$
Contract assets	0		0
Contract liabilities - current			
Unspent grants, contributions and reimbursements	0		0
Developer contributions	0		0
Contract liabilities non-current			
Developer contributions	0		0
Cash in lieu of parking	0		0
Adjustment to retained surplus from adoption of AASB 15		0	

LEASES

On adoption of AASB 16, for leases which had previously been classified as an 'operating lease' when applying AASB 117, the Shire of Laverton is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under $5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30TH JUNE 2020

15. SIGNIFICANT ACCOUNTING POLICIES - CHANGE IN ACCOUNTING POLICIES (Continued)

INCOME FOR NOT-FOR-PROFIT ENTITIES

The Shire of Laverton has adopted AASB 1058 from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire of Laverton has adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes occurred to the following financial statement line items by application of AASB as compared to AASB 1004 Contributions before the change:

	AASB 1004 carrying amount 30 June 19	Reclassification	AASB 1058 carrying amount 01 July 19
	$	$	$
Trade and other payables			
Adjustment to retained surplus from adoption of AASB 1058		0	

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised by the Shire of Laverton. When the taxable event occurs the financial liability is extinguished and the Shire of Laverton recognises income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration that was significantly less than fair value principally to enable the Shire of Laverton to futher its objectives may have been measured on intial recognition under other Australian Accounting Standards at a cost that was signification less than fair value. Such assets are not required to be remeasured at fair value.

Volunteer Services in relation to Volunteer Fire Services have been recognised in budgeted revenue and budgeted expenditure as the fair value of the services can be reliably estimated and the services would have been purchased if they had not been donated.

The impact on the Shire of Laverton of the changes as at 1 July 2019 is as follows:

		2019
		$
Retained surplus - 30/06/2019		
Adjustment to retained surplus from adoption of AASB 15	0	
Adjustment to retained surplus from adoption of AASB 1058	0	0

BUSH FIRES ACT 1954

2019/20 Bush Fire Notice

SHIRE OF LAVERTON

NOTICE TO ALL OWNERS OF LAND SITUATED IN THE SHIRE OF LAVERTON

TAKE NOTICE that pursuant to section 33(4) of the *Bush Fires Act 1954*, where the owner of land who has received notice fails or neglects to comply with the requisitions of the notice within the time specified, the Shire of Laverton may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of the notice which have not been complied with and pursuant to section 33(5) of the *Bush Fires Act 1954,* the amount of any costs and expenses incurred may be recovered from you as the owner of the land.

Owners of land are reminded it is their responsibility to ensure the Bush Fire Notice is complied with and that the requirements of the Bush Fire Notice will be strictly enforced by the Shire.

FIRE PREVENTATIVE MEASURES

Pursuant to the powers contained in section 33 of the *Bush Fires Act 1954*, you are hereby required to:

a) Clear of flammable material firebreaks not less than 3 metres in width immediately inside all external boundaries of any lot owned by you and situated within the **Shire of Laverton**.
b) Clear completely of all flammable material (save buildings, structures and fences) any lot owned by you and situated within the **Laverton Town Site**.

Such clearing may be constructed by one or more of the following methods:
SLASHING, PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER APPROVED METHOD, and are to be cleared to the satisfaction of an Authorised Officer of the Shire. In addition, you may be required to carry out further works which are considered necessary by an Authorised Officer of the Shire and specified by way of a separate written notice forwarded to the address as shown on the Shire of Laverton rates record for the relevant land.
In some instances, naturally occurring features such as rocky outcrops or natural watercourses and landscaping such as reticulated gardens or driveways may be an acceptable substitute for cleared firebreaks. This option must first be discussed with an Authorised Officer of the Shire and approved by the Shire of Laverton in writing. For the purpose of this notice grass kept at a height of less than 5 centimetres at all times covered by this notice will be deemed not to be flammable material.

All clearing and other alternative arrangements allowed by the preceding parts of this notice **must be established by 15 October 2019** (or within 14 days of you becoming the owner should this occur after that date) and maintained clear of flammable material until 1 April 2020.

APPLICATION TO VARY THE ABOVE REQUIREMENTS

If it is considered impracticable for any reason whatsoever to take fire preventative measures or establish other arrangements as required by this notice, you may apply in writing to the Shire of Laverton not later than 1 October 2019 for permission to carry out fire preventative work in alternative positions on the land. If permission is not granted by the Shire you must comply with the requirements of this notice. If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Act 1954*.

THE PENALTY FOR FAILING TO COMPLY with this notice is a fine of $250, and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner prior to the date required by this notice.

The responsibility for ensuring the protection of your property is yours. Proper preparedness for the fire season will enhance the capacity for you, your family and property to survive a fire should one occur. Fire preparedness measures are a defensive method of ensuring survivability from within your property boundary. This may be achieved by a variety of measures which include:

Cleared firebreaks and driveways: have the capacity to slow the progress and contain fires as well as provide access for emergency services.

Hazard reduction: burning, slashing, mowing and chemical treatment have the capacity to reduce the amount of flammable material on your property. The less fuel available to burn during a fire, the less intense the fire.

Natural features: such as rock outcrops usually have little flammable material on them. Natural features may be used in conjunction with other firebreak installation methods, such as linking them with constructed firebreaks and driveways, and as containment zones for hazard reduction burns.

Reticulation: Where specialized pastures are established under reticulation, this may, on application, be accepted in lieu of firebreaks provided the pasture is kept green.

RESTRICTED BURNING PERIOD 1

1 OCTOBER TO 31 OCTOBER 2019 (INCLUSIVE)

Permits to burn are required during this period for hazard reduction burning.
Alternative firebreak applications to be submitted by 1 October 2019.
Firebreaks **must** be installed by 15 October 2019.
Please note that penalties apply where burning regulations are contravened or permit conditions are not complied with.

PROHIBITED BURNING PERIOD

1 NOVEMBER 2019 TO 31 MARCH 2020 (INCLUSIVE)

All burning, including garden refuse is prohibited during this period.
Properties to be maintained clear of flammable material until 1 April 2020.

RESTRICTED BURNING PERIOD 2

1 APRIL TO 30 APRIL 2020 (INCLUSIVE)

Permits to burn are required during this period for hazard reduction burning.
Please note that penalties apply where burning regulations are contravened or permit conditions are not complied with.

Certain climate or weather conditions may cause these periods to be extended or shortened. You must check the press for details or call the Shire Office on **9031 1202** before commencing to burn.

REGULATORY INFORMATION

PERMITS
Permits are required to burn bush or grass at any time during the Restricted Burning Period. Permits are available from the Shire of Laverton Administration Office.

INCINERATORS
Incinerators must not be lit during the Prohibited Burning Period. Incinerators may be lit at other times provided the Fire Danger Rating is not Very High to Catastrophic. Incinerators must be properly constructed and designed to prevent the escape of any sparks or burning material. They must be located in an area at least 2 metres away from any building or fence and from which all flammable material has been removed and kept cleared.

WELDING/CUTTING APPARATUS
If you are using a welder or operating a power operated abrasive cutting and or grinding disc of any kind, you must have at least one fire extinguisher present and be surrounded by a five metre firebreak.

INSPECTIONS
An inspection of properties to ensure fire prevention work and hazard removal measures have been carried out will be completed by an authorized officer on or after 15 October 2019.

GARDEN REFUSE
During the Prohibited Burning Period, garden refuse must **not** be burnt at any time.
During the Restricted Burning Period, garden refuse may be burnt during the day before 6 pm with a permit, subject to conditions.

Garden refuse may also be burnt without a permit after 6 pm during the Restricted Burning Period provided certain criteria are met. Set out below are legislative requirements from the *Bush Fires Act 1954* and the *Health Act 1911* in relation to burning together with a number of helpful suggestions. The legislative requirements have been prefixed with an asterisk. These as a minimum must be followed:

- * The pile of refuse does not exceed 1 cubic metre
- * An area 5 metres wide is cleared around the pile. (Lawn, driveways, paths etc. may be considered as cleared area)
- * The fire is only lit between 6:00 pm and 11:00 pm
- * The fire is completely extinguished by midnight
- * At least 1 person is in attendance at all times. There is a means of extinguishing the fire available at all times (e.g. garden hose, knapsack spray or fire unit)
- * The Fire Danger Rating is not Very High to Catastrophic
- * The smoke from your fire does not cause a nuisance to neighbors and or traffic
- * Do not burn plastics, other household or commercial waste
- * Do not burn wet or green piles of material at any time as this will cause excessive smoke.
- Only 1 pile is alight at one time
- You notify your neighbors of your intention to burn

During periods other than the Restricted or Prohibited Burning Periods, garden refuse may be burnt. For safety reasons you are encouraged to follow the same requirements stipulated above.

PENALTIES

Section	Offence	Penalty
33(3)	Failure to comply with bush fire notice	$250
25	Offences relating to lighting a fire in the open air	$250
15(2)	Applying to another bush fire control officer for permit where permit already refused	$250
17(12)	Setting fire to bush during prohibited burning period	$250
24(D)	Burning garden refuse when fire danger is extreme or very high	$250
24(G)	Burning garden refuse contrary to Ministerial or local government prohibition or restriction	$250
24B(3)(a)	Failure to produce permit to burn	$100

Other penalties may apply as specified in the *Bush Fires (Infringements) Regulations 1978.* Major offences may result in court action with penalties ranging from $2,000 to $250,000 and/or imprisonment.

GENERAL INFORMATION

KEEPING YOUR HOME SAFE FROM FIRE
There are a number of ways you can keep your home safe from fire –

- Install smoke detectors in your home
- Clear vegetation away from the walls of your home
- Clear all rubbish and inflammable materials from around your home and create a circle of safety free from flammable material (save buildings, structures and fences)
- Store all firewood, timber, petrol etc well away from your home
- Prior to summer, clean all leaves and debris from your gutters
- Don't have flammable trees, such as conifers, near buildings
- Trim all branches that overhang the house, power lines and those that are close to windows and glass doors
- Fit wire insect screens or shutters to windows and glass doors

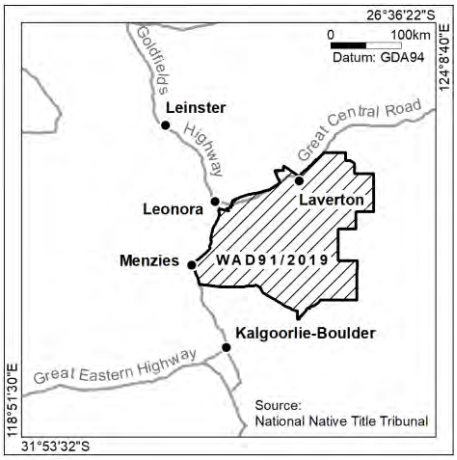
Dear Mr Naylor

Claimant Application — Nyalpa Pirniku (WC2019/002)
Federal Court Application No – WAD91/2019

This letter is to advise you that the above native title determination application was made to the Federal Court of Australia (Federal Court) in relation to the area described below.



Application name: Patricia Lewis and Ors on behalf of the Nyalpa Pirniku Native Title Claim Group and State of Western Australia
Federal Court File No: WAD91/2019
Date filed: 18 February 2019
Registration test status: The Native Title Registrar has ***accepted*** this application for registration.
Description: The application area covers 30,884 sq km and is located approximately 102 km north east of Kalgoorlie-Boulder around the Laverton and Menzies Townships, predominantly on the southern side of the Great Central Road and east of the Goldfields Highway.
Link to map: https://bit.ly/2ESdUzP
Relevant LGA: Shire of Laverton, Shire of Leonora, Shire of Menzies, City of Kalgoorlie-Boulder.

A brief summary of the application is also enclosed for your information.

The application was filed on 18 February 2019 and on 15 May 2019 the Native Title Registrar (Registrar) accepted the claim in the application for registration on the Register of Native Title Claims.

Section 66(3)(a) of the *Native Title Act 1993* (Cth) (the Act) requires the Registrar to give notice of the details of applications made under s 61 of the Act to certain persons and bodies.

The notification day for this application is 28 August 2019.

If you wish to become a party to this application, you must apply to the Federal Court **on or before 27 November 2019**, and request to become a party. Please use the enclosed form *(Federal Court Form 5)* to do so. Also enclosed is the Federal Court's Guide to completing the form.

The Form 5 may be lodged in person at the Federal Court Registry, by post, by facsimile, by eLodgment or by email. Please refer to the contact information at the bottom of the enclosed guide and the eLodgment handout which is also enclosed.

With respect to deciding whether to become a party to this application, please note as follows:

- If any person who does not apply to become a party to the application on or before 27 November 2019 subsequently wishes to become a party to the application, that person would have to seek the leave of the Federal Court under s 84(5) of the Act.

- All parties in proceedings before the Federal Court are required to act consistently with the Federal Court's goals of resolving disputes according to law and as quickly, inexpensively and efficiently as possible. All parties have a responsibility to participate in the proceedings when required, to comply with Federal Court orders affecting them and to maintain their knowledge of how a proceeding is progressing.

Persons who might hold native title rights and interests please note: As there can be only one determination of native title for an area, if a person does not become a party in relation to the application, there may be no other opportunity for the Federal Court, in making its determination, to take into account that person's native title rights and interests in relation to the area concerned.

If you have any queries regarding this letter, please do not hesitate to contact me via the details below.

Yours sincerely

DESCRIPTION OF THE AREA COVERED BY THE CLAIM:

External boundaries and description
5. The area of land and waters covered by the application **(Claim Area)** is described in the document titled "Identification of Boundaries" which is attached as ATTACHMENT B.
6. The external geographical boundaries of the area of land and waters covered by the application are delineated and marked on the attached map at ATTACHMENT C.
Applicability of sections 61A(4), 47, 47A and 47B NTA
7. For the purposes of the application of sections 61A(4), 47, 47A and 47B NTA, this application covers the following areas:
(a) any pastoral lease held over the area by any of the persons listed in s 47(1)(b) NTA;

(b) any area of land to which s 47A(1)(b) NTA may apply;
(c) any area of vacant Crown land which may be subject to s 47B of the NTA; and
(d) any other areas to which the non-extinguishment principle as defined in s 238 NTA applies.

Areas within the external boundaries that are not covered by the application

8. Subject to paragraph [7] above, areas of land and waters within the external boundary that are not covered by the application are:
(a) any area that is or was subject to any of the following acts as there [sic] are defined in either the NTA, as amended (where the act in question is attributable to the Commonwealth), or *Titles (Validation) and Native Title (Effect of Past Acts) Act* 1995 (WA), as amended, (where the act in question is attributable to the State of Western Australia) at the time of the Registrar's consideration:
(i) Category A past acts;
(ii) Category A intermediate period acts;
(iii) Category B past acts that are wholly inconsistent with the continued existence, enjoyment or exercise of any native title rights or interests; and
(iv) Category B intermediate period acts that are wholly inconsistent with the continued existence, enjoyment or exercise of any native title rights or interests;
(b) any area in relation to which a 'relevant act' as that term is defined in section 12I of the *Titles (Validation) and Native Title (Effect of Past Acts) Act 1995* (WA) was done and the act is attributable to the State of Western Australia;
(c) any area in relation to which a 'previous exclusive possession act' under section 12J of the *Titles (Validation and Native Title (Effect of Past Acts) Act 1995* (WA) was done and that act is attributable to the State of Western Australia;
(d) any area in relation to which a previous exclusive possession act as defined by section 23B (including section 23B (7)) NTA was done in relation to the area and the act was attributable to the Commonwealth;
(e) any areas where native title rights and interests have otherwise been wholly extinguished; and
(f) specifically, any areas where there has been:
(i) any unqualified grant of an estate in free [sic] simple;
(ii) a lease which is currently in force, in respect of an area not exceeding 5000 square metres, upon which a dwelling house, residence, building or work is constructed, and which comprises:
(A) a lease of a worker's dwelling under the *Worker's Homes Act 1911-1928*;
(B) a 99 year lease under the *Land Act 1898* (WA);
(C) a Lease of a town lot or suburban lot pursuant to section 117 of the *Land Act 1933* (WA);
(D) a Special Lease under section 117 of the *Land Act 1933* (WA); or
(E) any Reserves vested pursuant to section 33 of the *Land Act 1933* (WA) that are not for the benefit of Aboriginal people.
(iii) a conditional purchase lease currently in force in the Agricultural areas of the South West Division under regulations 46 and 47 of the *Land Regulations 1887* (WA) which includes a condition that the lessee reside on the area of the lease and upon which a residence has been constructed;
(iv) a conditional purchase lease of cultivatable land currently in force under Part V Division (1) of the *Land Act 1933* (WA) in respect of which habitual residence by the lessee is a statutory condition in accordance with the Division and upon which a residence has been constructed;
(v) a perpetual lease currently in force under the *War Service Land Settlement Scheme Act 1954* (WA);
(vi) a public work as defined in section 253 of the NTA; or
(vii) an existing dedicated public road.

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
